\$500.00 was given to a needy non -member (Noel O'Malley) Marine veteran as a family emergency. And the money needs to be replaced in the fund for emergencies. Motion was made by Greg McNeil seconded by David Sawders. During the question it was brought up that Noel O'Malley was the veteran and was vetted by David Sawders and Commandant Hartley. It was determined that he was a veteran with PTSD/TBI and other medical bills for his family. There was a discussion about emergency funds and who it is to be dispensed to and how much and the protocol for dispensing that much money.

It discussed that the AMVETS were helping out with this Veteran. Judge Advocate suggested to Commandant that he scrutinize the DD214 of Noel to make sure all was correct.

Dave Sawders explained about the suicide rate for veterans.
